Financial statements

Tesla, Inc. | Fictional training case | Year ended 31 December 2025 | Unaudited

Fictional training material. All financial figures, credit requests and contact details are invented. This is not a Tesla-issued document or a statement of Tesla's actual financial position.

Balance sheet

Currency and units: USD millions. Each displayed amount must be multiplied by 1,000,000 to express it in full USD. Comparative figures use the same units and entity scope. These simplified figures do not represent actual Tesla accounts.

Assets, liabilities and equity	31 Dec 2025	31 Dec 2024
Cash and cash equivalents	8,000	7,000

Notes for the reviewer

1. FY2025 covers the 12 months ended 31 December 2025. FY2024 covers the 12 months ended 31 December 2024. Use FY2025 as the latest year.

2. Parentheses indicate expenses or deductions. Revenue and profits are full-year amounts; balance-sheet figures are amounts at each year end.

3. Net worth means total shareholders' equity. Total liabilities include both current and non-current liabilities.

4. Statements are prepared solely for this demonstration. They are not audited, filed, certified or issued by Tesla. All values are invented and intentionally simplified.

Document identification

Supporting financials for training application DEMO-TESLA-001.
Prepared for the Build 2 upload-and-review exercise on 19 October 2026.
No real financial statements or external sources were used.
